JÓVENES TALENTOS

Young talents

We promote studies in arts, cultural and creative industries.

At ICETEX we support our young Colombians with partially or totally forgivable credits, interested in accessing master's degrees abroad in face-to-face or virtual modality, as well as short courses or virtual training, in disciplines of art, cultural and creative industries.

The resources of the forgivable credit may be used to cover any of the following items related to your stay abroad:

- International airfare
- Maintenance and installation expenses
- Expenses for books and materials
- Health insurance
- Tuition and degree rights

"From my experience as a beneficiary of the Young Talented Artists line of ICETEX, I can highlight the rewarding cultural immersion in different academic circuits and training in performing arts in the European territory, in which the exchange of knowledge of all kinds nurtured and strengthened my perspective. Artistic, ratifying my sense of belonging for the research in arts that we develop in Colombia."

ASISTENTES De Idiomas

LANGUAGE ASSISTANTS

If you are a foreign student or professional and you want to teach a second language in Colombian educational centers, ICETEX, in a strategic alliance with Colombian Higher Education Institutions, can finance you:

- Health insurance
- Courtesy visa
- Accommodation expenses during the induction period in Bogotá
- Granting of international air tickets and national tickets, if it is established as a commitment
- The Colombian teaching center that welcomes the assistant grants him a monthly stipend corresponding to three current legal monthly minimum wages

This program is developed within the framework of agreements signed by ICETEX with embassies, international universities, governments of other countries and different foreign allies by virtue of cooperation alliances in academic, linguistic and technical mobility that are signed according to current regulations.

BECAS DE RECIPROCIDAD PARA EXTRANJEROS EN *Colombia*

RECIPROCITY SCHOLARSHIP PROGRAM FOR FOREIGNERS

At ICETEX we grant financial aid to foreign citizens to study in Colombia, in the Higher Education Institutions that are part of the Reciprocity Program for Foreigners in Colombia. Likewise, we offer the option of accessing an intensive Spanish course, for an academic semester, prior to the start of the postgraduate program; This option is aimed at candidates who are not Spanish-speaking and must perfect their language to comply with the provisions of the call.

ICETEX offers academic counseling support to guide foreign candidates in the Colombian university admission process.

We also support the opening of new calls for foreigners in academic programs offered by university, technical and technological institutions in the country.

The Colombian Higher Education Institutions grant the exemption of 100% of the tuition

ICETEX supports you with the financing of the following expenses:

- Installation costs (approximately USD125 for 2022)
- Health insurance
- Courtesy visa
- Living expenses. (approximately USD750 per month for 2022)
- Expenses for books and materials. (approximately USD125 for 2022)
- Unforeseen expenses (approximately USD63 for 2022)
